

A game of logic

Cameron, Christine, Sanni and Gerry each play only one sport at school, and none of them plays the same one. Can you work out who plays what?

Hints:

1. Cameron plays a sport that doesn't use a bat.
2. Christine plays a sport that doesn't use a racket.
3. Gerry plays a sport that doesn't use a bat or a racket, but the players can dribble the ball.
4. Sanni plays a sport where the players can't run with the ball.

Names	Netball	Tennis	Cricket	Basketball
Cameron				
Christine				
Gerry				
Sanni
