

# A game of logic

Cameron, Christine, Sanni and Gerry each play only one sport at school, and none of them plays the same one. Can you work out who plays what?

## Hints:

1. Cameron plays a sport that doesn't use a bat.
2. Christine plays a sport that doesn't use a racket.
3. Gerry plays a sport that doesn't use a bat or a racket, but the players can dribble the ball.
4. Sanni plays a sport where the players can't run with the ball.

Names	Netball	Tennis	Cricket	Basketball
Cameron				
Christine
