

All lovey-dovey

Follow the steps below to fold an easy origami dove, then create a few and make a flock to take on the skies!

INSTRUCTIONS

1. Fold the top right corner to the bottom left corner to create an upside-down triangle.
2. Fold part of the top down, about halfway. Don't make this flap too thin.
3. Turn the paper over.
4. Take the bottom corner of the top layer of paper and fold it halfway up.
5. Fold the shape in half by folding the left side over to the right.
6. Fold that same flap back halfway to make one of the wings.
7. Flip the paper over.
8. Fold the second wing back halfway to make the other wing.
9. Push the middle corner of the head down and in, then flatten. And voilà — your dove is ready to take flight!
