

Keep them guessing

Get your movie actors loosened up with a good game of charades.
We've got all the silly prompts you'll ever need!

HOW TO PLAY CHARADES:

1. Cut up these charade ideas and put them in a hat, bowl or mug.
2. Divide everyone into teams.
3. Everyone takes turns picking a piece of paper (no peeking!), and acts out what is written on it – without talking at all!
4. Your team mates have 30 seconds to guess the word or action on your piece of paper.
5. If they guess right, the team gets a point. If not, you don't get a point.
6. Play until all the papers are done. Then, count up the points and see who won!
